FOR 2009-11 BUDGET -- NOT READY FOR INTRODUCTION

EDUCATION

OTHER EDUCATIONAL AND CULTURAL AGENCIES

AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

Under current law, certain educational agencies, such as school districts, private schools, technical college districts, private colleges, and public library systems, may participate in the Educational Telecommunications Access Program, under which DOA provides, or contracts for the provision of, Internet access to the educational agencies. Currently, an educational agency that is provided with a data line for Internet access under the program may not provide access to the data line to any business entity that is operated for profit. This bill permits an educational agency to provide access to a data line provided under the program to a business entity if: 1) the business entity is broadcasting an event sponsored by the educational agency; 2) the business entity has the permission of the educational agency to record and broadcast the event; and 3) the business entity reimburses DOA for its proportionate share of the cost of the data line used to broadcast the event.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 16.997 (2g) (a) of the statutes is renumbered 16.997 (2g) (a) (intro.)
